Even Feeder & VST

HAND-PICKED QUALITY

The Pixall™ by Oxbo Even Feeder and VST are stand alone products that work with your fresh market harvesting system to sort beans and eliminate both pin and broken beans. The result is mechanically picked produce rivaling hand-picked quality.

EVEN FEEDER

The Even Feeder utilizes a soft rubber conveyor to meter the beans at the rate of 1 bushel per minute into the VST (vibratory sorting table) giving the optimal sorting capabilities. The Even Feeder has a 5-bushel capacity to allow 5 minutes of unattended feeding.

- **Single 110 bolt 60 cycle motor**
- **Heavy duty 12 gauge steel construction**
